I just got off the phone with HPSCI counsel Katie Wheelbarger. She is preparing a letter for HPSCI chair Rogers to send to HOGR chair Issa in response to Issa's 16 April letter to CIA GC Stephen Preston asking for CIA's regulations on clearing private attorneys to receive classified information in the course of representing a CIA employee. She is trying to protect CIA and HPSCI equities/jurisdiction. She wants to get the letter out today or at least by early tomorrow. We're trying to help her.
